As a personal review, me as a student loved to do each and every offline class on the year of 2019 but on 2020 because of this pandemic situation our college had to held online classes. At first, I thought that there would be a huge difference between the offline and online classes but after being taught by our teachers it didn't seem that we were doing them online all by just sitting in our home! All the teachers teaches best according to their subjects and I really want to say that all the teachers have different teaching abilities which makes us to understand even most of the difficult topics in an easy manner.

Lady Brabourne College is undoubtedly one of the best institutions in the state of WB, which I have also heard from so many people. Its name and fame and more importantly its excellent academic records made me choose the college.

- What is your view of Semester System?

(Write your response in 2 sentences.)

a) Positive side- Regular semester exams keep the studying process consistent and also at the same time the burden of remembering a bulky syllabus at once is not a problem as it breaks the syllabus in a structured manner.

b) Negative side- Frequent semester exams leave no time to study the topic in-depth and the topics learned in the previous semester tend to skip from the minds of students as there has to be a quick shift from one syllabus to another after one semester ends.

Lady Brabourne College is one of the best institutions for higher studies. Even during the pandemic, we got the best learning experience via regular online classes whereas many students of other institutions may not have had that. Our teachers not only put effort to make the online sessions as interactive as the offline classes which our college offers but also they supported us to participate in all the virtual programs, functions, and seminars. Though nothing on Earth could ever be perfect in every aspect, still at the end of the day I am proud to be a 'Brabournite'.

Write a general review of Lady Brabourne College as a student of the Institution referring to online & offline experience. :The academic atmosphere of the college is really good. Campus is green and clean which gives a peaceful and calm vibe. Affordable food is available. But there is definitely huge lack of maintenance of several things. We had a beautiful lush green playground at the beginning of our session which exists no more. It has become an unclean place with excess bushes and grass. The toilet is not clean at all which is a huge drawback. Benches and tools are dusty often. Classes are pretty old, so renovating them is suggested as it'll enhance the classroom environment. Creation of a proper student council is required so that greater participation in extra curricular activities can be achieved.

- *Why did you choose Lady Brabourne College? Because it is a renowned and disciplined college.*
- *What is your view of Semester System?*

The Semester system has helped a lot to reduce the amount of syllabus and thus lower the pressure of students.

- *What is your view of the CBCS course in your subject?*

The CBCS course is quite study-friendly for the students. It has also helped to enhance their academic performance.

- *What is your experience of teaching & learning Offline/ Online for 2020-21*

Offline mode is definitely the best but the teachers helped us out through the online mode as well during the lockdown days.

- *What is your experience of the Library?3*

The College library is overall a peaceful place for the students to study.

Edit with WPS Office

- *What is your view of the Canteen?1*

There is no maintenance of hygiene in the kitchens. Spicy and oily foods are made. The prices are quite high for the students.

- *Have you tried the gym facilities in the College? Would you like to try them?*

I have never tried it or seen it at all. I think the College should invest much more on washroom and sanitation facilities. Going to washroom is literally a nightmare for the students.

- *Have you taken part in Extra Curricular activities in either offline or online mode? Not yet.*

-
- *What is your experience of the College Office?1.*

The behaviour of the office staffs are ridiculous. Not a single person is helpful at all. We have to wait for hours for getting some simple works done.

If you are a boarder of lady brabourne college hostel, then what is your experience ?
