1. Lady Brabourne college is my first choice because this college is renowned for its academic excellence and unique heritage of maintaining high standard in imparting education in society.
2. A library enriched with a collection of rare books; canteens providing healthy, tasty and hygienic food at very reasonable price; green zone; homely atmosphere and above all a team of dedicated teachers and staff headed by our Hon'ble Principal Madam always engaged like our parents in taking care of us are the special features of my college.

Inspite of holding the aim to extend its contribution to the larger part of people, the lack of sufficient space stands as hindrance in the expansion of the activities of the college. Though I don't know how it is possible in Kolkata.

3. In addition to imparting high education this college helps in awakening the self confidence and

self respect in us, the girl students and trains us to live with unbent backbone and to be always active in protecting women rights.

4. Arrangement of visiting the departments of renowned educational institutions situated in different provinces other than Bengal in our country may be made as a part of educational tour. Direct conversation with the students and teachers of those institutions at the time of physically visiting the same will broaden the outlook of the students and will create appetite in them for knowing the unknown in the new dimensions.

Along with academic scopes the college has always provided ample resources to ensure that the students become a good citizen of the nation who perform their civic duties along with succeeding in their careers. Lady Brabourne College is one of the most prestigious institutions for pursuing English in Kolkata. That being my subject, the institution has always been much coveted by me to pursue my studies.

- What is your view of Semester System?
(Write your response in 2 sentences.)

The syllabus is quite comprehensive and covers a wide range of topics making it very interesting. But due to the shortage of time span between two consecutive semesters, it becomes very hectic to complete the entire syllabus thoroughly, and we get to study certain chunks of an otherwise wide arena of subject matter.

- Are you satisfied with the way issues raised by Students are handled in the College? Suggest ways of improvement. (Write in three sentences)

It is very necessary to improve the condition of the washrooms in the Old Building. Lack of hygiene and foul odor are routine problems, and they could cause health and safety issues. Would also recommend inclusion of interactive education technology like projectors and smart boards, which are more engaging during offline classes. I would also appreciate the library to have new updated books according to the new CBCS syllabus.

- Write a general review of Lady Brabourne College as a student of the Institution referring to online & offline experience.

The teaching and handling of the course syllabus by our professors and guest lecturers is quite satisfactory. It is a great learning experience especially in the offline classes. However, usage of PowerPoint presentation and slides during online classes make the topics easier to grasp. Would like to participate in College events and would be highly enthusiastic if literature fests and seminars are organised.

My experience regarding the online teaching has been a great one. Even though i couldn't interact face to face with my professor, they tried their best to make the teaching as easy as possible.

Lastly, the offline experience have been the best one! Not only i could interact with my professors directly and understand the lesson properly, but also i would feel relaxed and im thankful to my professors for having their back.

Ans- This institution assures discipline and best thing is that it is free from any politics. All faculties are quite good and talented, they provide us study material even in online .My online experience was good as I have completed my syllabus in digital way . I got opportunities to explore new learning applications and platform. It also provided me e- certificate by attending very informative webinars which is not possible in offline mode easily. One drawbacks of online was that network issue. Apart from this, my overall online experience was good as it gave me more relaxed and flexibility learning environment.

Lady Brabourne College is surely one of the best choices in West Bengal. One thing I really like about it is that there is no student politics which makes studying there a lot easier. The college campus is amazing with all kinds of facilities and the library is resourceful. We also get to access websites from the E-library. The professors r diligent and take our classes regularly and clear our doubts and gives us feedbacks on our assignments to help improve our answers. The same was followed even in online mode. Overall it's a great college for pursuing one's higher education.
